Youth Scholarship Auditions

Ballet Day - October 19, 2025 - Applicants must attend

Audition Fee: \$20 if submitted by October 7, 2025, or \$25 late/at the door

(Checks made payable to CCA Ohio Committee)

Audition Description: Candidates will participate in one 45–60-minute class of Non-Syllabus Ballet. (This means the combinations will not be from the Cecchetti Syllabus.) A teacher will present combinations, such as center adage, petite allegro, and grand allegro, and the candidates will be judged on their technique, style, and musicality. Often, one instructor will both teach and judge, but sometimes, a separate instructor will be there to judge. An overall score will be calculated for each candidate, and awards will be presented during Ballet Day. Candidates must be present to receive their award.

Students will be judged in two different age groups:

- Division I: 8 – 9 years old (as of the day of Ballet Day)
- Division II: 10 – 11 years old (as of the day of Ballet Day)

For a student to participate, they must be represented by a teacher who meets the following requirements:

- Must have attended Two Ohio Committee Workshops/Meetings in 2024-2025
- Must ensure the student is registered for Ballet Day and submit the fees and application for the student
- Must ensure that they are present at Ballet Day, or, if they are unable to attend, a studio representative of teacher status is present and registered for the day to act as a chaperone.

All applicants must attend Ballet Day to audition for a scholarship. The student must participate in the Cecchetti Syllabus class(es). (Students at the Primary level must participate in the Primary III class and Jazz class.)

Any candidate who wins a scholarship must wait two full years before auditioning again. For example, if a student wins a scholarship in 2023, they are not eligible to win again until 2025. Students are still encouraged to participate even if they are not eligible to win. If a child participates in the Fall Division II Scholarship, and then turns 12 years old, they are also able to participate in the Division III Scholarship in the Winter as long as they meet all other requirements.

The following application is to be completed and signed by the applicant and their parent/guardian.

**The application and fees must be submitted
by a member teacher to:**
